Kiner Enterprises Inc. has launched its 2nd annual national recruiting campaign for dance teachers across America. Kiner Enterprises Inc. is your number source for dance instructor staffing, and the first, and largest dance teacher staffing company in the U.S. Founded in 2007, the company has expanded, and now provides professional dance instructors and choreographers for last-minute subs, dance workshops, master classes, private dance lessons, and group lessons, throughout the entire country. They also provide social media management and development for dance studios and dance companies, and consulting on marketing your dance business.

Each year they hold a national recruiting campaign for dance teachers, in order to increase their teacher roster, and better serve their national clients. CEO/President of Kiner Enterprises Inc., Ashani Mfuko, released this statement today, "There are talented and experienced Dance Teachers across America who are looking for work, and are not able to access the types of opportunities that they desire, in their local area. We help to connect them with jobs at dance studios and schools in their area, that they may not have been able to access otherwise. On the other hand, we speak with so many dance studio owners, in all parts of the country, that are struggling to find talented and reliable dance teachers to staff their dance studio, from the brand new studio that's just opening up, to the ones that have been open for 10, 15, or 20 years. The staffing issues seem to be the same across the board. Having access to the type of service that Kiner Enterprises Inc. provides is priceless to these very busy dance studio owners."

Dance teachers of all types, across the U.S.A. are being asked to e-mail their headshot, resume, bio, and two references to, recruiting@kinerenterprises.net. Each candidate will be pre-screened, and if you meet their qualifications, they will contact you for a preliminary phone interview.

Kiner Enterprises Inc. works only with the best, most professional, and reliable dance instructors. Each of their registered dance instructors goes through a strict screening process. Qualified applicants are then allowed to register with Kiner Enterprises Inc. for access to dance teaching jobs throughout the U.S. The majority of their registered dance instructors have a Bachelor's or Master's Degree in Dance or the Performing Arts, have taught internationally, are members of AEA or AGMA, and have from 2 to 25 yrs experience in dance. Their resumes include work with the Alvin Ailey Dance Company, Broadway and Broadway tour performers, dancers and choreographers for recording artists and private projects.
